TAX RESIDENCY

The UK Government has signed, and will be signing, a number of intergovernmental agreements to share tax information, where applicable, with the tax authorities in other countries. The requirement to collect certain information about each customer's tax arrangement is part of UK legislation and as a financial institution we are legally obliged to collect it. We are asking for your tax residency and tax ID numbers (where applicable) and will record this on our records now, but will only disclose this information to the relevant tax authorities if and when we are required to under UK law.

You can find out more, including a list of countries that have signed agreements to automatically exchange information, along with details about the information being requested, on the OECD automatic exchange of information portal at www.oecd.org

Your tax residence generally is the country in which you live for more than half the year, but rules differ. Further details are available at www.oecd.org

A Taxpayer Identification Number ("TIN") is a unique combination of letters or numbers assigned by a jurisdiction to an individual or an entity and used to identify the individual or entity for the purposes of administering the tax laws of such jurisdiction. Some jurisdictions do not issue a TIN. However, these jurisdictions often utilise some other high integrity number with an equivalent level of identification (a "functional equivalent"). Examples of that type of number include, for individuals, a social security / insurance number, citizen / personal identification / service code / number, and resident registration number.

As a financial institution National Counties Building Society is not allowed to give tax advice. If you have any questions on how to complete the Tax Residency section of this form we recommend that you speak to your tax authority (for example, HMRC in the UK) or your tax or legal adviser.

I undertake to advise the Society within 30 days of any change in circumstances which affects my tax residency status or causes the information contained in this form to become incorrect, and to provide the Society with a suitably updated self-certification and declaration within 30 days of such change in circumstances.
